“ It is with a heavy heart that I give my sincere condolences to the Deyton Family. I have always looked up to Lester for his calm, caring, honest, and generous personality. He had a smile that warmed your heart. He was the kind of man that even in today's world, I would without hesitation, make a deal with him solely on a handshake. I am grateful for the patience he gave me and the wealth of knowledge he shared with me as a young man at the Hampton/NASA Steam Plant. Yes, some pretty sappy language for a Boiler guy, but Lester was just an amazing man that words cannot describe. And his friendship meant the world to me. I never met most of the Deytons; though years of relationships with sons and wife Catheryn with Mid Atlantic Boiler, they are like a distant family that you care about regardless of familiarity. They all are just good people! I will miss Lester, but rest easy knowing he is in a much better place. Rest in peace my friend. - Michael Croft
